When returning your product(s) to ChromeBurner, please make sure to follow the below steps:

- We are only able to accept returned items that have not been used and are undamaged. If the item is deemed used, filthy or has wear and tear marks, we cannot accept the return.
- Please make sure all labels, stickers and all original product packaging are present.
- Please kindly ship the product(s) back to ChromeBurner in a sturdy shipping box and not just the product packaging box itself.
- Shipping costs are at the buyer's own expense, unless the item is being returned due to an error caused by ChromeBurner, or a warranty case. In the case of an error caused by ChromeBurner or a warranty case, please make sure to contact ChromeBurner beforehand (info@chromeburner.com).
- You may return the items using your preferred shipping or postage company, however we highly recommend using Track and Trace post.
- Please kindly write "RETURN SHIPMENT" on the outside of the shipping box in large capital letters.
